

## Dominick's Negotiations Update

For UFCW Local 881 and 1546 Members

January 2010

Contract negotiations between Locals 881 and 1546 and Dominick's/Safeway on your behalf are still underway. Bargaining has been particularly challenging due to the pension funding issues that have arisen due to our nation's economic downturn and the negative impact on the stock market.

Much progress has been made on a variety of provisions of your contract. However, we are still currently addressing the pension funding issue, wages, and health benefits.

Your Union is committed to negotiating a fair and equitable contract on your behalf and we will continue to fight to protect your wages, benefits, and working conditions. We will keep you informed of any major updates as we proceed through the negotiations process. Please be sure that your Local Union has your correct address information to ensure that you do not miss out on important information or ratification materials.

To update your mailing address or if you have any questions, please contact your Union Representative.

Thank you for your continued solidarity and support.

Sincerely,

Ronald E. Powell  
President, Local 881 and  
UFCW International Vice President

Kenneth R. Boyd  
President, Local 1546 and  
UFCW International Vice President
