

Healthy Kids for Healthy Indiana Families

Hoosier Healthwise is Indiana's health care program for children, pregnant women, and working families. It is administered by the Indiana Family and Social Services Administration.

ELIGIBILITY: Based on family income, children up to age 19 may be eligible for premium-free coverage (package A) or low-cost coverage (package C). Pregnant women can be eligible for full coverage under Package A, or for pregnancy-related coverage under Package B, depending on family income and assets. Low-income families can be eligible for Hoosier Healthwise, if there are children under the age of 18 living with their parent(s) or other caretaker relative. Young adults 18, 19, and 20 who live with a caretaker relative who meet the financial requirements can be covered; however their caretaker relative is not eligible.

BENEFITS: The benefits covered by Hoosier Healthwise include primary and preventive care (like well-baby and well-child care and regular check-ups) and mental health and substance abuse treatment. It also has benefits for children with special health care needs like asthma or diabetes. For a complete list of benefits visit: www.healthcareforhoosiers.com.

Note: There are some benefit limits for Hoosier Healthwise Package C members.

FAMILY MONTHLY INCOME/ASSET GUIDELINES FOR HOOSIER HEALTHWISE ELIGIBILITY
