

ATTENTION JEWEL-OSCO MEMBERS

August 2018

Attention Members:

As a result of the recent company-wide system conversion roll out, Local 881 has heard reports of payroll issues impacting our membership. Specifically, the issue pertains to overtime or premium pay being incorrectly calculated in members' pay checks.

Local 881 has met with company leadership. The company is aware of the issue and is making efforts to correct the error. In the meantime, **we strongly encourage Local 881 members to review your paychecks closely and hold onto your pay stubs. Contact your Union Representative if you think you have been impacted by this glitch in the system.**

If you have any questions, please contact your Union Representative at 847-294-5064.
